

Tennis basics — what to do

One A4 page · bring racket, balls, shoes, water, tea, cup

Cambridge learners · Christ's Pieces · rally first, score later

1. Grip

Hold the handle like a hammer. Eastern / semi-western is enough for learners.

2. Forehand

Side-on. Racket low to high. Hit in front of you. Finish over the other shoulder.

3. Backhand

Two hands to start. Turn the shoulders. Do not scoop. Left hand drives (for a right-hander).

4. Serve

Toss in front, not behind the head. Aim into the opposite service box. Consistency before power.

5. Volley

At the net: short punch, racket head up. No big swing.

6. Rally

Aim for 5–7 balls over the net. No winners in the warm-up. Collect every ball.

On court (45 min)

- 0–10 min: cooperative rally
- 10–25 min: cross-court forehand, then backhand
- 25–40 min: mini games to 7 — say the score out loud
- Last 5: pack balls, leave if the next booking waits

Score in one line

- 0 → 15 → 30 → 40 → game
- 40–40 is deuce; win two in a row
- Four people = doubles. Talk: yours / mine
- Be on time: PIN works 10–15 min before the slot
